- Thanks for great informative course that's opened my eyes to an aspect of the job that on-one talks about.
- Thoroughly enjoyable and informative course. Well organised and structured. Refreshing to have some non-powerpoint sessions!
- Excellent course. Specifically found Prof Canter very inspiring and thought provoking. This course has better equipped me for starting as a consultant.
- Very good talks

- Prof Canter was excellent. Long sessions but always interesting. Very honest, straightforward approach particularly from Ben and Olly works well. The Thursday afternoon was slightly one-paced and didactic.
- Excellent talks. Leadership and Management lectures = 10/10. Location difficult to get to. No on-site parking.
- Excellent enjoyable course. Thank you.
- Prof Canter was outstanding

Comments from delegates

- Great Course. I particularly enjoyed sessions with Prof Canter - inspiring. Also good to have input from industry - interesting to see the other side. Great insight from Ben and Olly to consultant life. Very useful.
- A good course. Well thought out. Too much emphasis on private practice for me with an assumption that everyone wants to do it. Enjoyable laid back atmosphere.
- Great course. Great content. Very relevant. Will recommend to others.
- The sessions by Richard Canter were outstanding. I loved the practical nature of the sessions with Ben & Olly. And the generosity with which they shared personal anecdotes. I really valued the practical focus of the whole course. The Storz session felt a bit too urology focused for the non-urologist. The catering was amazing. Overall a fantastic course. Thank you.
- Well organised. Very good insight into group behaviour / working using simple tasks. Time management sessions could benefit from real life examples or something similar to group tasks.
