Conversation was limited though no fault of the organisers by COVID. I think it would be good in other circumstances to talk to others about their experiences.	Very thorough and very practical things to take forward.	Exceptional course. Thanks to all faculty and sponsors.	Thank you for your efforts and support	As a driver, as much as I liked to hear all the explanations and reasoning, I feel more practical examples and experiences would be helpful, as I would love to learn how to be a more effective leader	Extremely kind and gentle approach, very respectful in all talks	Fantastic course. Highly recommended.	Burnout was a good global idea. Are there any specifically useful resources / websites or practical tasks to help prevent this or help recognise this.	Excellent course. Some elements of leadership teaching would be beneficial early on in training	Excellent course. Thank you	With social distancing it was slightly difficult to hear some of the speakers at the back of the room, so a microphone might be useful	It would have been better if course programme and handouts were kept on the table with some paper and pens	Fantastic course. Great information	Definitely worth it	Thanks for valuable information	excellent course. Friendly organisers and speakers
