Delegates

Feedback from the May 2026 Andrology course — core andrological assessment and surgery for senior trainees.

In partnership with **Boston Scientific** and **KARL STORZ**.

In their words

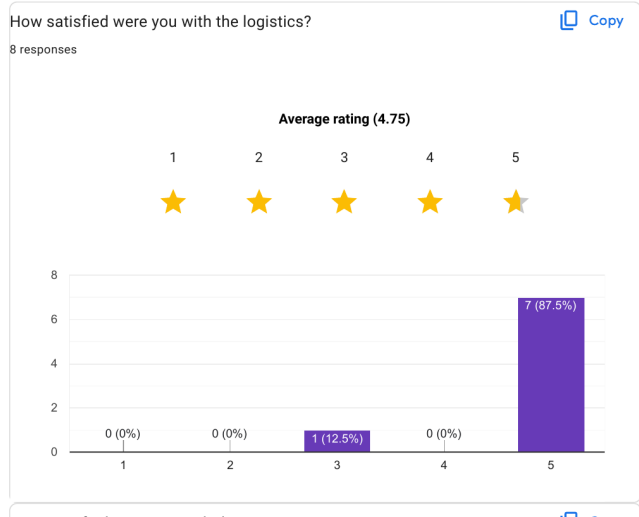

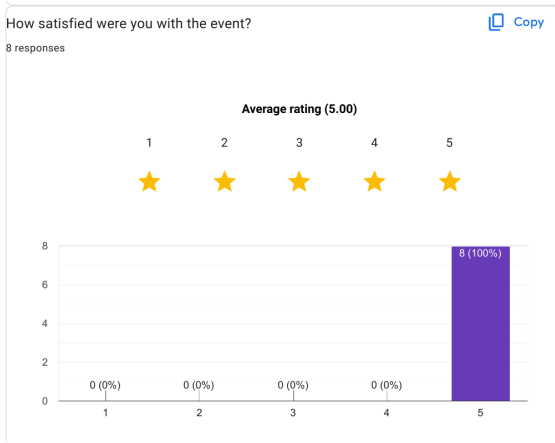

“Very well organised event — highly useful for future andrologists.”

“Excellent course with clear delivery.”

“We need more courses like these.”

Suggestions for improvement

We review every comment. These are the improvements delegates suggested — and that we are taking forward for future courses.

What delegates suggested

- More on the operative and surgical-technique aspects.
- A mini-MDT or case-based discussion with an FRCS-style quiz, MCQs and vivas.

Thank you to everyone who shared their feedback. It directly shapes how we run every course.
