0840-0850 Who's in the room?
0850-0900 Tribute to Mrs Storz – Oliver Wiseman

0900-10.30 Session 1: A bird's eye view of endourology: where have we come from and where are we going?

Moderators: Pablo Contreras, Cecilia Cracco, Jerome Blondeau

- 0900-0920** Innovation during my career. Palle Osther
0920-0950 PCNL vs advanced FURS. Will PCNL survive?
Debate: PCNL will thrive vs PCNL will die
(include votes from audience)
Olivier Traxer vs Oriol Angerri
0950-1030 Discussion

1030-1100 Coffee

1100-1230 Session 2: Fluid management in Ureteroscopy 1

Moderators: Niall Davis, Bhaskar Somani, Jia-Lun Kwok, Michelle Xiao

1100-1120 Fluid mechanics for endourologists: facts and fiction. Sarah Waters

1120-1140 Is the scope or the sheath the best device to deliver irrigation and measure intrarenal pressure? Steffi Yuen

1140-1200 A new concept suction scope. Dmitri Boutoussov

1200-1230 Vote and Discussion

1230-1330 Lunch

1330-1445 Session 3: Fluid management in Ureteroscopy 2

Moderators: Joyce Baard, Hari Ratan, Jenny Jin

1330-1350 How can we determine the safe intrarenal pressure in an individual kidney? Rob Sweet

1350-1410 What is more important: high flow or better suction? Are integrated “ecosystems” the answer? Will Roberts

1410-1440 Vote and Discussion

1440-1500 Photo

1500-1530 Coffee

1530-1700 Session 4: What is really missing in my stone practice?

Moderators: Ewa Bres-Niewada, Mike Lipkin, Daron Smith, Jake Patterson.

This is a new format for this session. It will be a workshop, with moderators asking audience members about the frustrations they have with equipment/workflow during stone cases. What would make the procedure easier, more efficient, less equipment etc.

1830 Reception and networking dinner.

Divinity School, Bodleian Library, University of Oxford

Formal dress code: Jackets and Ties (or female equivalent)

Friday 4th September 2026

0830-1030 Session 5 – BPH session

Moderators: Naeem Bhojani, Roberto Miano, Kasra Saeb-Parsy

0830-0845 Anatomic enucleation of the prostate. What is missing from the technology? Thomas Herrmann

0845-0930 BPH “New kids on the block”: This session will present new technologies in early phase development for BPH.

- Flostent – Adam Kadlec
- Pulsed Field Ablation, Allan Zingeler
- Histotripsy - Matt Ercolani

0930-0945 What will BPH treatments look like in 10 years’ time? A future without catheters? Dean Elterman

0945-1030 Discussion

1030-1100 Coffee

1100-1230 Session 6 – Stones: A glimpse of the future?

Moderators: David Thurtle, Bodo Knudsen

This session will discuss six new technologies that have the possibility to change how we perform stone surgery over the next 20 years. Possible topics which will be included here are:

- 1) Microbubbles and microjets and stones – Avvio, Ojas Shah
- 2) Nanoparticles and stones - Smita De
- 3) Nanobots and stones - Veronika Magdanz
- 4) UTUC probe – Franz Bozsak
- 5) Robotic ureteroscopy – Steffi Yuen
- 6) 'AI for healthcare: practical use, real constraints, meaningful impact' – Nikita Symes

1200 -1230 Discussion

1230-1240 SCOPE 2027

1240-1250 Final thoughts and wrap up

1300 Lunch

End of meeting.
